

HINDRANCE OF SATAN DISCUSSED BY EVANGELIST

Large Audience Hears Evangelist Callis Deliver His Second Sermon Wednesday Evening.

"But Satan Hindered Us," was the subject of a powerful sermon delivered by Evangelist Callis at the Third Street M. E. church Wednesday evening. In his sermon he enumerated many of the sins that so easily tempt and lead people away from God. He paid his respects to the "covetous" man. He said he had never heard any one confess that they were stingy and pray to be forgiven for being a tightwad. He told of a prominent Roman Catholic priest who said that in his long experience he had never had a person to confess that they were stingy or covetous, and yet it is one of the sins that keep many from the Kingdom of God. The evangelist was specially pointed in his reference to lax church members, those that the Bible speaks of being neither cold nor hot. Anyone hearing this sermon would have no trouble locating themselves whether they were Christians or not. Thursday evening he preaches on "One Less Than a House Full."

That chorus choir is the wonder and surprise of everyone who attends. People are saying that "it's the biggest choir I ever saw in Maysville." And it is not only large in numbers but under the tactful leadership of Prof. Grenfell it is making the old church ring with song.

A flute and violin duet, "The Rosary" by Nevin, was rendered as the special musical number by Prof. Grenfell and Mrs. Callis. These musical numbers are the equal to any one hears on the yecum or chauntiqua platform.

It was announced Wednesday evening that on Friday morning at 8:30 the party would appear in some fine musical numbers at the High School chapel period.

At 7 o'clock Wednesday evening Prof. Grenfell organized his "booster" club which is a special feature of every meeting. This club is composed of the young folk of Epworth League age. The club started off with enthusiasm and bids fair to play a big part in the meetings.

Sunday at 2:30 p. m. the evangelist will give his special message to women and girls only. This is one of the evangelist's strongest sermons and should be heard by a church full of mothers and daughters. The subject will be "Mother and Daughter."

STILL BUSY.

Dr. J. J. Dickey, of Flemingsburg, former local pastor, is visiting friends here. Dr. Dickey is one of the most popular former pastors of this city and has hundreds of warm personal friends who are always glad to welcome him. Although superannuated by the last Methodist Conference, Dr. Dickey, now on the shady side of life, is one of the busiest men in Kentucky for besides pastoring a Methodist church in Fleming county, he is now engaged in writing a comprehensive history of Fleming county.

NEW DRY ACT IS ATTACKED IN SUIT

Madison Countain Holds Law Unconstitutional Because of Bond It Imposes.

Frankfort, Ky., March 29. — Prohibition against the enforcement of the Prohibition Enforcement Act is sought by Mat Lakes, first victim of the re-enforced law in Madison county. He applied today to the Court of Appeals for a writ of prohibition to prevent County Judge J. D. Goodice from trying him on a charge of unlawfully possessing liquor.

He said the Circuit Judge is away and there is no right of appeal from the \$1,000 bond, under which a convicted person is put by mandate of the judgment finding him guilty of violating the prohibition law. He said he is a poor man and could not give the bond if he was convicted.

The Court of Appeals is adjourned, too, but Judge Settle issued a temporary restraining order and set the hearing on the writ before the Court of Appeals for April 11.

PENITENTIARY TERM FOR BROWN COUNTY NEGRO.

The Ripley Bee says: In the case of Charles Carter tried Monday and Tuesday at Georgetown, the jury brought in a verdict of guilty. The little girl's testimony which was an almost unbelievable story of flendish planning for the ruination of this child, but the pitiful story was told so straight and true that the jury could not be shaken by the crafty Cincinnati lawyers. The jury was out about two hours. The penalty for the offense is from one to fifteen years and there is another action similar to this against Carter. It most likely will be a long time before he breathes free air again.

This band is making a splendid reputation and it looks as if 1922 will be its most successful season.

PROMINENT FARMER SUICIDES BY HANGING HIMSELF IN BARN

Mr. Ira D. Willett Found Hanging in His Barn at Early Hour Thursday Morning—Had Been Missing Since Wednesday.

Mr. Ira D. Willett, prominent and wealthy farmer of the Orangeburg neighborhood, was found dead hanging by a long lasso rope in a shed of his barn at his farm on the Dixon pike at an early hour Thursday morning.

Mr. Willett had not been seen since early Wednesday afternoon when he came to his son, who was plowing in a field on the farm. Mr. Willett complained of feeling badly and his son advised that he go to the house and rest. The father left and when the son came in at night, the mother reported that Mr. Willett had not been home since noon. He had been accustomed to often going to the home of his brother, Mr. Clarence Dixon, nearby, and the members of the family supposed that he had gone there and had decided to spend the night.

Thursday morning when the young Mr. Willett went to the barn to feed his stock, he discovered his father hanging in one of the sheds of the barn. Mr. Willett had climbed to the third tier of the barn and had securedly fastened one end of a long lasso rope, which the son had brought back from the West. The other end was tied about his neck. He is supposed to have jumped from the top of the first tier. His feet were about three feet from the floor of the barn. Coroner Higgins investigated.

Mr. Willett was 51 years of age and is survived by his wife and four children. He was in good financial condition but his health had been failing for some time.

PISTOL OWNERS MUST REGISTER THEIR GUNS

New Law Requires Record With County Clerk and Fee of One Dollar.

Every citizen of Kentucky who owns a pistol or revolver is required to register it with the county clerk of the county in which he resides and every dealer who handles pistols must pay an annual license fee of \$25, under provisions of a law which was passed by the general assembly.

The law was proposed in answer to an increasing demand throughout the state for some law which would limit the practice of carrying pistols so prevalent in some sections. It was urged on behalf of the law that a requirement to register pistols would act as a deterrent to crime.

A fee of one dollar is required with the registration of the pistol and the county clerk is required to furnish the secretary of state with a complete list of all persons registering pistols in his county.

Any person convicted of not registering his gun shall be subject to a fine from \$25 to \$300 or confined in jail from 30 days to six months. A similar penalty is provided for any dealer who fails to obtain a license to buy and sell pistols. Any unregistered pistol will be forfeited to the commonwealth and sold by the sheriff.

WORLD FAMOUS SIAMESE TWINS DIE.

Chicago, March 30. — Rosa and Josefa Blazek, Siamese twins, died here early today.

Josefa, who had been in a stupor for nearly a week, was first to pass away. Her sister, Rosa, died 15 minutes later at 3:10 a. m.

Dr. Benjamin Breakstone and a staff of surgeons worked all night to save the life of the famous pair. Their battle was lost, however, when complications set in. The twins had been suffering of catarrhal jaundice.

Josefa has been near death for nearly a week. Rosa apparently was in good health until two days ago. She made up her mind, according to Dr. Breakstone, that she wanted to die with Josefa.

SEVERS CONNECTION WITH BANK AFTER 53 YEARS OF SERVICE

Mr. R. K. Hoefflich Resigns Connection With Bank of Maysville After Fifty-Three Years of Continuous Service.

Mr. Rudolph K. Hoefflich, Assistant Cashier of the Bank of Maysville, resigned his connection with that institution Thursday and the directors accepted his resignation at a meeting on Thursday afternoon. Continued ill health caused the resignation.

Mr. Hoefflich has been connected with the Bank of Maysville since 1869 and for many years was cashier of that old institution. He is one of the best known bankers in this section of the state and had a great personal following in this district. Courteous and thorough, Mr. Hoefflich was held in the highest esteem by all. He will be greatly missed in financial circles here.

The following resolutions were adopted Thursday by the bank's directors:

"WHEREAS, The retirement of Rudolph K. Hoefflich from active service in the Bank of Maysville is an event of interest to this whole community, where he is so well known and respected; and

"WHEREAS, Few men ever rendered such long and faithful service to an institution as he has to this bank we feel justified in especially commending same. He came into the employment of this bank in the fall of 1869 and has been continuously and actively connected with it from said date; nearly fifty-three years, and during all of said time, he has been faithful, honest, painstaking, good-humored and reliable, and up to the time when the infirmities of age came upon him, has been most helpful and efficient in the discharge of his duties; having served as bookkeeper, teller, assistant cashier, cashier and director; therefore,

"BE IT RESOLVED, That it is with the deepest regret that we part with his active services and yet we realize that he is entitled to the rest and honor which comes to the man who has done his part so fully and well; and this board hopes that the release from active work may prolong his days and bring to him many additional days of comfort and happiness, and the constant recollection of our full confidence and the deserved plaudit, 'Well done, good and faithful servant.' No man could have been truer and more faithful than he has been."

Four hundred dollars and costs was the fine assessed against William Edgar, colored, by a jury in the Mason Circuit Court Thursday morning when they found him guilty of assault and battery as charged in an indictment returned by the last grand jury.

Edgar was charged with assaulting and knocking down Mr. John Hornback, a man over 60 years of age and a former special policeman of the city of Maysville.

Evidence in the case was to the effect that Mr. Hornback had been charged by Edgar and others with giving evidence before the Mason county grand jury to the effect that Edgar had sold liquor to a local man which poisoned him and caused his death. Mr. Hornback and others testified in that case that the former officer had given no such testimony before the grand jury. Edgar met Mr. Hornback at Second and Market streets and an argument followed in which Edgar struck the white man and knocked him into the street.

Edgar, through his attorney, Hon. James M. Collins, served notice Thursday afternoon that he would carry the case to the Kentucky Appellate court.

FIRST RADIO CONCERT HEARD LAST NIGHT ON STREET

Addition of Magnavox to Radio Equipment Wednesday Evening Made It Possible For Wireless Concert To Be Heard on Street.

Mr. Edward M. Smith, of the Maysville Gas Company's Electric Shop, has just installed a Magnavox to the company's radio receiving station and on Wednesday evening he gave it its first try out. So successful was the experiment that Mr. Smith turned the Magnavox out one of the windows and the concert from the Pittsburgh sending station was plainly heard by many on the street. This is the first time that the concert, which have been enjoyed by many in the receiving station had been amplified to such an extent that it could be heard on the street.

With the introduction of the radio receiving station by the Electric Shop many local people have become interested in wireless telephony and quite a number of the smaller receiving sets have been purchased and installed.

The local Electric Shop is now offering for sale Westinghouse sets for seventy-five dollars which prove entirely satisfactory and by means of which one may enjoy the greatest musical artists as well as the greatest lecturers in their own homes.

ACT QUICKLY

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Ask your neighbor.

Plenty of Maysville evidence of their worth. Fred Dresel, proprietor tailor shop, 1238 East Second street, Maysville, says: "I am glad of the opportunity to recommend Doan's Kidney Pills. I was troubled with inflammation of the bladder and annoyance from my kidneys. When passing the secretions they burned terribly and often bordered on a stoppage. I had severe aching pains across the small of my back which greatly interfered with my duties. I was telling a friend how my kidneys acted and he advised me to get a box of Doan's Kidney Pills at Wood & Son's Drug Store. I began taking Doan's and they gave me prompt relief. Doan's did me lots of good and I know they are an excellent remedy."

Mr. Dresel gave the above statement February 6, 1938, and on November 22, 1938, he added: "I think just as highly of Doan's Kidney Pills today as I did when I gave my former recommendation many years ago. My cure has been a lasting one." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dresel had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

New York. — We will soon have all of our sportsman going in for their own airplanes for personal, social use. One of the fastest airplanes in the country will be owned and piloted by Vincent Astor this summer. It is equipped with a 400 horse power motor and can make 135 miles an hour. Mr. Astor will use it in making trips between Newport and Southampton. There are five seats in the plane, windshields to protect the passengers and among the accoutrements is a special compartment to hold golf bags.

—NY—
With the general dearth of excitement due to prohibition and a slowing down of the crime waves, the ferryboats plying inopportunely between Manhattan and the other islands of Greater New York have pushed themselves into the effort at getting back some of the thrills of old-time wickedness. Three card monte takers, of the same variety as we associate in our minds with the gilded trans-Atlantic steamers, have been operating on the boats, the police discover, and I always insist that of all gambling games, none ever sounded so picturesquely desperate as three card monte. I look about for cartridge belts and long black mustaches every time I take a ferry now.

Co-operation and the co-operative

idea in business seems too be stretching across the world. I have been interested in watching the progress of the Hotel Commonwealth, being built here at Broadway and Seventh avenue, and Fifty-fifth and Fifty-sixth streets, because it was the biggest effort in that direction yet attempted and so is of concern to all similar movements.

Now I find that its owners live not only in all parts of this country, but that it has a half a dozen in China, twice as many in Japan, a score in Australia, and several hundreds scattered all over Europe, with England, where co-operation is best understood, in the lead. There are already more than 26,000 of these member-owners

and it looks as though the 2500 rooms of this biggest hotel in the world will be kept fairly well-filled. It is a remarkable example of the scope of the whole idea.

—NY—
One loses, in time. ALL of one's faith in officialdom and official and scientific methods. Here's I've been

admiring wonderfully the achievements of the weather bureau. People must be wonderful, I thought, who can look into a sunny sky, or a map of the stars of something and deduct that it is going to snow! In spite of all the jokes about them they are moer often right than wrong, too. But I'll never have that awe again. Some few weeks

ago, a blizzard seemed inevitable in New York. All reports from other parts of the country told of this Western blizzard sweeping on, and there seemed no reason on earth why we shouldn't get it. But James H. Scarr, New York's weather forecaster held his ground and refused to concede that probability. He was right. It never hit us. The other day, I learned how he did it. Science — the atmosphere — the clouds? Not at all. The crocuses were peeping from their winter beds in his suburban garden and he trusted them!

—NY—
Are worldly people growing less less fond of real music? Are they growing more honest in their indifference to it? Are our singers really not so good as they used to be? It would seem as though one of these things must be true; for never have there been so many empty boxes in the "golden horseshoe" of the Metropolitan Opera House as this season. The Vanderbilt box, the Astor box, the Henry Clay Frick box, the Ogden Mills loge, and many others have been unused night after night, whereas in seasons past every performance which was not attended by the owners of those boxes was filled with parties of their guests. Something has happened.

—NY—
I have heard prohibition blamed for pretty nearly everything from irritable husbands to the theatrical depression. But here is a brand new thought along that line. One of New York's smartest costume shops went into bankruptcy the other day, and its manager, G. H. Tolman, gives as one reason — prohibition! The decreased liberality of men and the falling off of social activity are the connecting links in his argument.

PLENTY OF COAL ON HAND.

Washington, March 28.—The nation faces the coal tieup, scheduled for Friday, with a coal reserve equal to the record breaking supplies on hand at the signing of the armistice, government figures showed today.

The figures explain why the government plans no action during the first few weeks of the tieup.

CRAMPS, PAINS AND BACKACHE

St. Louis Woman Relieved by Lydia E. Pinkham's Vegetable Compound

St. Louis, Mo. — "I was bothered with cramps and pains every month and had backache and had to go to bed as I could not work. My mother and my whole family always took Lydia E. Pinkham's Vegetable Compound for such troubles and they induced me to try it and it has helped me very much. I don't have cramps any more, and I can do my housework all through the month. I recommend your Vegetable Compound to my friends for female troubles." — Mrs. DELLA SCHOLZ, 1412 Salisbury Street, St. Louis, Mo.

Just think for a moment. Lydia E. Pinkham's Vegetable Compound has been in use for nearly fifty years. It is prepared from medicinal plants, by the utmost pharmaceutical skill, and superior methods. The ingredients thus combined in the Compound correct the conditions which cause such annoying symptoms as had been troubling Mrs. Scholz. The Vegetable Compound exercises a restorative influence of the most desirable character, correcting the trouble in a gentle but efficient manner. This is noted, by the disappearance, one after another, of the disagreeable symptoms.

PLANT OF NOTED DUBLIN FAPER RAIDED BY MOB.

Dublin, March 30. — The plant of the Freeman's Journal in this city was wrecked by a large party of armed men early today. The mob held up the staff of the paper, smashed the presses and then threw gasoline over the floors and stairs, setting fire to the structure. The staff of the paper was liberated after the fire started.

The Freeman's Journal appeared this morning in the shape of a small handbill, which was placarded all over the city. It expressed defiance of those who made the attack. Republican army men, armed with revolvers, went about the city tearing down the editorial wherever it was posted.

ESSAY CONTEST ANNOUNCED FOR HIGH SCHOOLS

Near East Relief Association Announces Contest of Interest to the High School Students.

New York, March 29. — Announcement was made today by the Near East Relief of a nation-wide essay or oration contest among high school students for prizes offered by the Hon. Henry Morgenthau, former U. S. Ambassador to Turkey.

Mr. Morgenthau has offered \$2,000 to be distributed among the prize winners. Three prizes, one of \$500, one of \$200 and one of \$100 will be awarded the authors of the essay or oration adjudged to be the best three in the country. A first prize of \$15, a second of \$10, and a third prize of \$5 will be awarded in each state.

According to an announcement which has been sent to school superintendents throughout the United States and which will be made public today, contestants must read or deliver their essay or oration at a commencement exercise or other public gathering. The topic selected must present some phase of the industrial, political, social or educational situation in Turkey, Armenia, Georgia, Syria, Palestine, or other adjacent regions in which the American relief organization is operating. Only members of the two highest classes in high schools will be eligible.

The winners in each state will be selected by a state committee. The national prize winners will be selected from the state prize winners by a committee of judges consisting of Albert Shaw, editor of the "American Review of Reviews," Lawrence Abbott, Editor of the "Outlook" and Prof. N. L. Englehard of Columbia University.

The contest in Kentucky will be conducted by Miss Beth Higgins, state director, 401 Louisville Trust Building, Louisville, Ky., to whom manuscripts must be submitted. Each manuscript must contain not less than 1,500 nor more than 2,000 words.

Plans for the contest have been made under the direction of the National Educational Committee of the Near East Relief, of which Dr. John H. Finley, former New York State Commissioner of Education and now with the "New York Times," is chairman. Other members of this committee are Frank McMurtry, Professor Elementary Education, Columbia University; William M. Davidson, Superintendent of Schools, Pittsburgh, Pa.; Dr. Charles W. Eliot, President Emeritus Harvard University; Philander P. Claxton, former United States Commissioner of Education; President Harry Pratt Judson, of Chicago University; President Ray Lyman Wilbur, of Leland Stanford University; President John H. T. Main, of Grinnell College; and President Henry Churchill King, of Oberlin College.

SENATE APPROVES NAVAL LIMIT; POISON GAS IS OUTLAWED

Overwhelming Vote of 74 to 1 Recorded in Senate's Endorsement of Limitation of Navies.

Washington, March 29. — The two arms conference treaties limiting navies of the great powers and restricting the use of submarines and poison gas were ratified in a landslide of approbation today by the Senate.

To the naval limitation covenant, declaring a naval building holiday and fixing a ratio of capital ship strength for the United States, Great Britain, Japan, France and Italy, the Senate gave its final assent by a vote of 74 to 1 and then almost without debate it accepted, 71 to 9, the treaty designed to prevent submarine operations against merchantmen and to outlaw chemical warfare altogether.

The only negative vote was cast against the treaty by Senator Francis P. McCarren, Republican, Maryland, who said he regarded naval reduction as a dangerous expedient under present world conditions. Every other member of the "irreconcilable" treaty bloc who was present cast a vote in the affirmative, although Senator Borah, Republican, Idaho, told the Senate he regarded the treaty as only a beginning, and Senator Johnson, Republican, California, declared he accepted the fortifications "status quo" provisions for the Pacific with "grace misgivings."

A speech assailing the poison gas articles of the submarine and gas treaty was made on the floor by Senator Wadsworth, Republican, New York, Chairman of the Military Committee, but before the ratification roll-call he left the chamber and did not vote. The New York Senator disagreed with the statement in the treaty text that "use of gas in warfare had been justly condemned by the general opinion of the civilized world," argued that chemical warfare had not proved actually more brutal than other accepted methods of destruction and expressed a fear that the treaty pledges would be violated in any emergency.

As soon as the two pacts had been disposed of, administration leaders brought formally before the Senate the general far Eastern treaty. Debate on it will begin tomorrow, with indications pointing to opposition from a small group of Senators, who believe

that China's interests were not sufficiently protected. It is the hope of the leaders, however, that both this pact and the Chinese treaty, the last remaining covenant of the conference, will be ratified during the present week.
